

## **BRUSH COLLECTION PROCEDURE**

**Approved by the Council: October 24, 2006**

Pickup of properly sized brush (maximum diameter 4", maximum length 8') begins on the first Monday of the month for that week, starting in April through the first week of October. Plan your trimming around the scheduled pickup to eliminate having brush out for long periods. Please have your brush at the curb by 7:00 a.m. on the aforementioned Mondays. Please place butt (the cut) ends facing the curb. Rootballs will not be picked up and should be disposed of at the Madison Compost Site (call 267-1502 for information). All brush must be placed in the parkrow, not in the street (violators will be fined). Once crews have gone through an area no other pickup will be done until the following scheduled pickup. Please be patient as it will take crews a while to get to all the brush depending upon how much is out. Street Department will not collect brush or limbs cut by private contractors. Private contractors need to haul away all brush and limbs. If you have any questions please call the Street Department office at 873-6303.
